

CONFLUENCES

Design by

Philippe Nigro

Description

Confluences may be considered to be a trailblazer in terms of the new trend for 'counterforms' as characterised by the interwoven yin-yang or puzzle-type effect. It will be just as pleasing to lovers of radical design, pioneers searching for a settee which is totally different from any other, as it will to all those who are seduced first and foremost by the freedom of posture and unheard-of conviviality offered by its colourful, unbridled compositions.

Technical Specifications

CONSTRUCTION

Seat in 3 layers of criss-cross panels and panels of multi-ply. Back in mechano-soldered steel. Seat/back assembled via steel brackets. Structure clad in polyether foam and polyester quilting 100 g/m². Invisible support feet in black polypropylene.

COMFORT

Suspension of back via metal mesh. Seat cushion in high resilience polyurethane Bultex foam 42 kg/m³ - 4.8 kPa and 38 kg/m³ - 3.6 kPa. Back cushion in Bultex foam 26 kg/m³ - 1.4 kPa. Cushions overlaid with polyester quilting 100 g/m². Lumbar cushion filled with pure duck down.

MAKING-UP

Baguette stitching. May be disassembled. Removable covers (NB except leather).

FABRICS

Each item is offered in a monocolour interpretation (Indiana, Diva and the fabrics listed hereafter) or a bicolour interpretation whereby colours may be selected from a choice of combinations specified by the designer using the following fabrics : Divina, Alcantara, Sudden, Coda and Curl. The first 2 colours from each combination are recommended for 2-seat items; the first 3 colours for 3-seat items; and the 4th colour for the 4-seat settee. Colour no. 1 applies to the right-hand sitting position; colour no. 2 to the adjacent seat place; and so on. As another option, another colour may be chosen from the same main fabric. In the case of the lumbar cushions, any covering material may be chosen.
