

MADRAGUE

Design by
François Azambourg

Description

The lines of this model are dictated by the way in which the material is fashioned (not dissimilar to what was done in the case of the Grillage armchair).

Naturally the crowning version of this model will be the one which offers a meeting between the solid ash of the base and the seat shell upholstered in magnificent natural vegetable-tanned hide, finished with elegant saddle stitching.

Technical Specifications

CONSTRUCTION & COMFORT

Upholstered shell on a natural or anthracite-stained base.

ABS shell clad in anti-combustion polyurethane Bultex foam (60 kg/m³ - 7.5 kPa). Base in natural or anthracite-stained solid ash.

MAKING-UP

Available in fabric or Alcantara from list of exclusive covering materials below (to order).
