

RIVE DROITE

Design by
Didier Gomez

Description

Didier Gomez' new creation has all the best characteristics of a club chair: soft, generous comfort, with a matching footstool. The finish of the seams is particularly worthy of note.

Technical Specifications

CONSTRUCTION

Structure in panels of chipboard. 4 metal feet finished in Epoxy graphite lacquer.

COMFORT

Soft version: seat cushion with core in high resilience polyurethane Bultex foam 25 kg/m³ - 1.2 kPa held within a feather-filled cover (100 % feathers).

Firm version: seat cushion in high resilience polyurethane Bultex foam 38 kg/m³ - 3.6 kPa clad in polyester quilting.

NO-SAG suspension clad in Dacron polyester quilting. Back in 30 kg/m³ foam. Footstool in foam (63 kg/m³), with small invisible plastic feet.

MAKING-UP

Covers of seat cushions are removable.
