

FINN

Design by
Thibault Desombre

Description

The FINN chair is characterised by the extreme fluidity of its form. The seat gives the illusion of being sculpted out of solid wood, being softly curved on planes. The back, with a foam core and fabric surface offers effective and comfortable support.

Technical Specifications

STRUCTURE

Seat structure is in solid oak or ash with platform in oak or ash veneered. Assembly by glue and dowels. Linking pieces for seat/back are in nickel-finished turned steel.

BACK

Metal frame round which is moulded High Resilience Bultex foam (63 kg/m³ -7,6 kPa).

MAKING UP

The back cover has a twin needle detail and is removable by means of a velcro strip. Extra covers may be ordered separately.
