

# ISO

**Design by**  
Marie Christine Domer

**Description**

The Iso small bridge chair, with its comfortably padded seat and back, can slip into any setting whilst affirming its own identity. The attractively curved structure of the back, the finesse of its execution in blocks of natural or black-stained solid ash, its welcoming armrests all combine to make of it a discreetly elegant companion. Iso may be complemented by a timeless pedestal table and low table with tops in white marble-effect ceramic stoneware, a material which is impervious to both scratching and wear and is 30 % harder than granite.

**Technical Specifications**

**CONSTRUCTION**

Structure in matt natural varnished or black-stained solid ash, bracketed by panels of multiply on both seat and back, forms both the base and armrests.

**COMFORT**

Integral seat and back cushions in multi-density high resilience polyurethane Bultex foam 40 kg/m<sup>3</sup> - 4 kPa, clad in 110 g/m<sup>2</sup> polyester quilting.

**MAKING-UP**

Baguette stitching highlights the lines of the seat/back cushion. Covers are removable.

**COVERING MATERIALS**

All covering materials may be used (NB except technical impossibilities).
