

PADDOCK

Design by
Désormeaux et Carrette

Description
The Paddock chair relies on simplicity of form and a high degree of expertise in its execution. It sketches itself into a space with just a few curving lines, in a composition of oblong shapes. Its oak structure supports a light, graphic seat. Developed as a type of sandwich, with 4 wooden sections, curved at the edges then covered in foam and held together by 2mm thick felt, it gives both flexibility and rigidity. Once set onto the structure, the articulated segments take shape, creating an ergonomic, comfortable seat.

Technical Specifications
CONSTRUCTION
Black lacquered mechanically-soldered structure. Seat/back assembly consists of 4 sections of moulded beech multi-ply. 4 independent legs in solid stained oak, screwed to the metal frame using black M6 countersunk slotted head screws.

COMFORT
Clad in high resilience foam (26 kg/m3 - 1.4 kPa, 60 kg/m3 - 7.5 kPa).

MAKING-UP
2 possible types of covering material - felt or split leather.
In both cases, the cover is not removable.
