

ALLUNGAMI

Design by
Fattorini, Rizzini & Partners

Description

In 2018, to complement the Allungabile rectangular table, our dining table collection is being enriched with the addition of a new extending table with one or two folding end extensions, available in a range of finishes and with the finesse and sophistication of Fattorini, Rizzini & Partners' metal base. The top is available in a number of finishes : an entirely new type of walnut veneer with the look of solid wood thanks to an assortment of wood sheets boasting vivid colours, veins and contrasts; natural or black-stained oak veneer, or 0.9 mm thick Fenix in noir or gris clair. The top is in one piece: just pull it at one end to unfurl one or two folding extensions concealed beneath the top and unfold them to extend the table by 75 cm (table L 150 with one extension) or even 50 cm or 100 cm (table L 200 with 1 or 2 extensions).
