TECHNICAL INFORMATION

DESIGNER: MAURO LIPPARINI

The Campus collection, designed by Mauro Lipparini, evokes an evergreen design but of rigorous contemporaneity. With its distinctive personal marks, the family is accompanied by the chair Valle with armrests, the so-called "dinner chairs" in the versions with high backrest and cockpit. The central stand of the solid wood legs makes the chair swivel, allowing both domestic and hospitality use. The backrest is connected to the seat through layered wooden supports, further distinguishing the formal and timeless aspect of the chair Valle. The workmanship of the backrest-armrest is a kind of mantle resting on the shape of the supporting body, with an essential and precise tailoring. It is characterized by an enveloping backrest.

PRODUCT DETAILS

- Dining chair available with swivel armchair version and swivel armchair version (2 options) with high back
- Dining chair with solid ash foot brushed and dyed in tobacco finish. Stainless steel champagne painted inserts. It is also available with its structure made out of solid walnut stained in Eucalyptus finish and glossy black chrome metal.
