TECHNICAL INFORMATION

Designer: Nika Zupanc

A tribute to all the legends and love stories between mermaids and sailors, lost and found in the middle of the sea, the Mermaid and Sailors mirrors live together, aware that they can be separated at the first gust of wind.

On bronze finish glass, an engraving in the thickness of the material recalls the mermaid tail for Mermaid and the marinières pattern for Sailors. Together or divided, they reflect the light of all domestic environments, from the entrance to the living room, passing through the bedroom.
