WRINKLES & VISUAL APPEARANCE

Due to a combination of the elasticity of the covering, the nature of the interior construction and the design for comfortability of the product, the model may exhibit differing levels of wrinkles.

The models need to be dressed on a regular basis to maintain their appearance and the wrinkles should not be considered as a manufacturing defect, but a natural characteristic of the product.

NOTES

- In leather, to avoid cuts on the seat and back cushions, the model is available starting from cat. 15
- Model is not available with article Misterbianco (cat. 30).
- Removable hooks on each seating module.
- Internal plywood frame, elastic straps under the seat cushions and on the backrest.
- Microcellular polyurethane foam padding made from a raw material of plant origin, drawing from renewable sources found in nature.
- The seat is composed of polyurethane foam with density 40 combined with a 4-cm-high layer of memory foam.
- Tone-on-tone edging along the profile of each individual module that emphasizes its roundness and enhances its design.
- Smoked ash exposed structure (ST12).
- The hidden metal feet with anti-scratch and non-slip rubbers offer a practical solution for protecting floors.

NOTES
