# Harmony project Natuzzi Italia

The Harmony Project aims to offer a unified working method that ensures chromatic and stylistic harmony, preserving the brand's DNA.

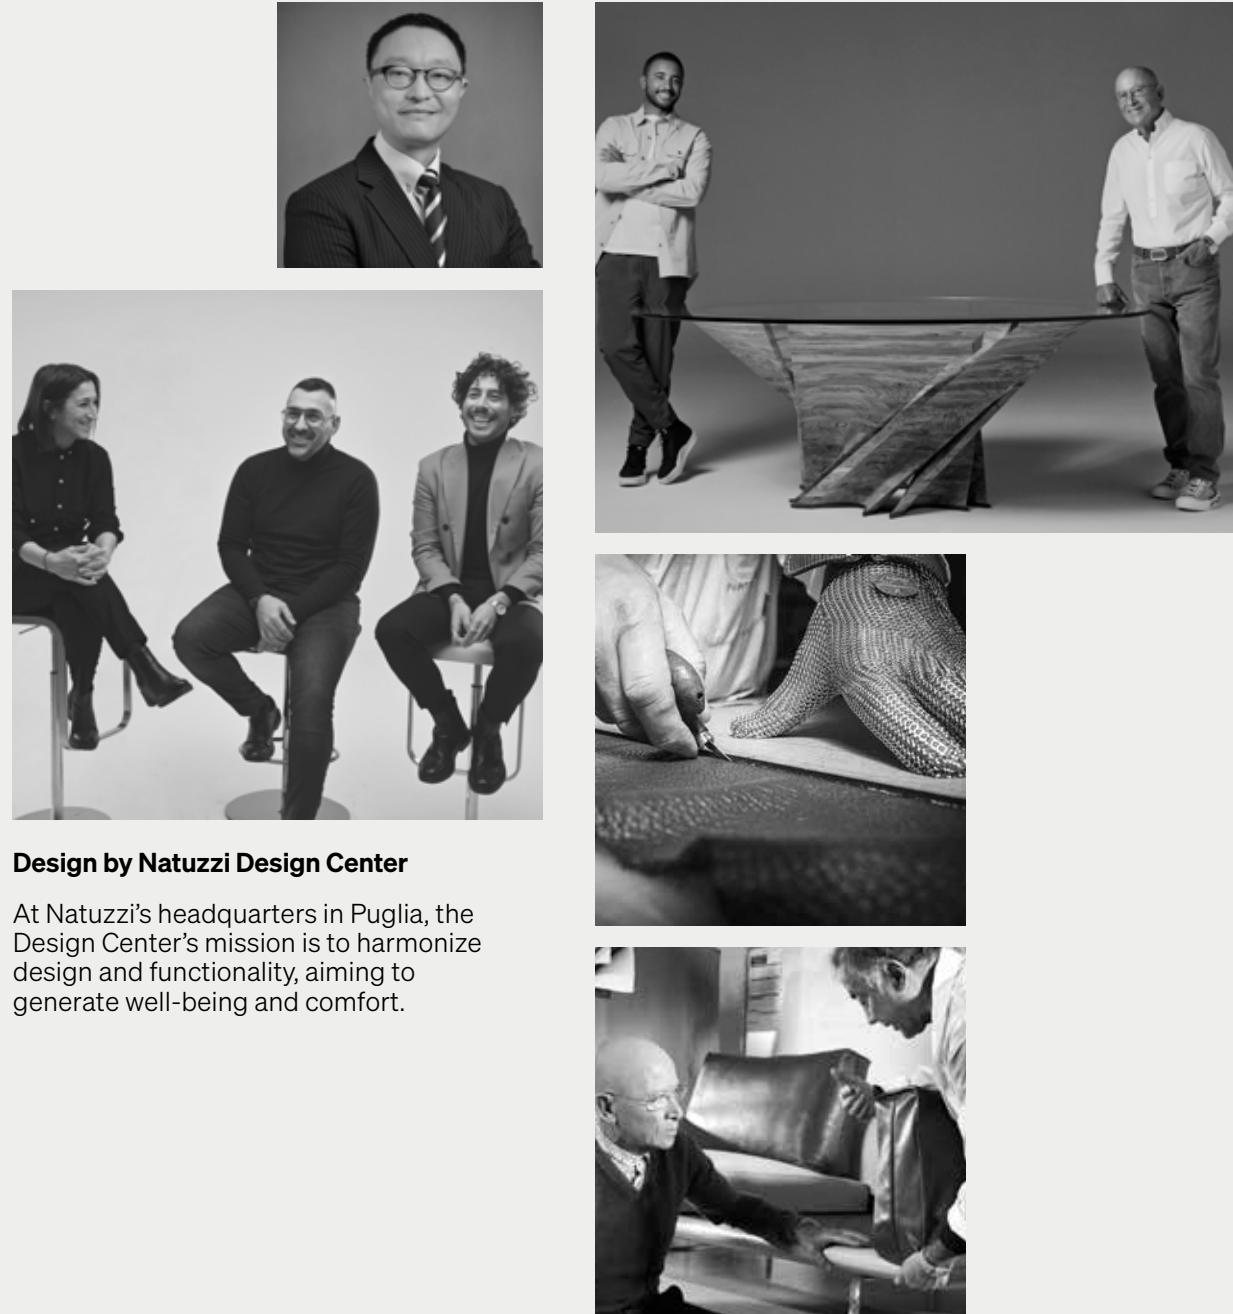

This tool is intended to be more than just a product offering, aiming to harmonize an entire interior design project.

# Wellbe

The inspiration for the Wellbe project was born from a meeting in Paris between Pasquale Natuzzi and Dr. Charles Bark, a PhD researcher in AI and Health, and a pioneer in preventive longevity technology for the home. An enveloping experience of comfort for the benefit of physical and mental well-being. Innovative, mechanically driven triple power motion mechanisms regulate the movement of the backrest, headrest and footrest for an optimal sitting posture that allows the whole body to rest.

Comfortness is the Natuzzi philosophy that harmonizes mind, body, and soul, generating deep well-being for the individual.

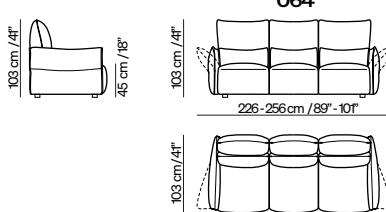

## Design by Natuzzi Design Center

At Natuzzi's headquarters in Puglia, the Design Center's mission is to harmonize design and functionality, aiming to generate well-being and comfort.

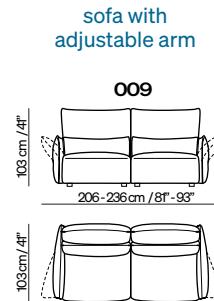

# Choose your Wellbe

The Wellbe project is extremely versatile, thanks to its 17 SKUs, which allow for unlimited configurations suitable for any space, from retail stores to the homes of our customers. The PXX versions come with integrated Smart App features, controllable through Natuzzi Italia mobile application.

## Moodboard blue

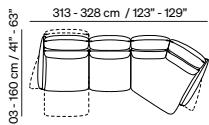

To ensure harmony in the projects, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, Le Mans leather in Cacao has been paired with Botteghe fabric in Avion, along with Rizzoli fabric in Dove. The harmonization of these coverings with woods and marbles will result in a moodboard that defines the final total look of the project. Each collection model offers multiple moodboards to adapt to various market geographies.
