

Walk-in closets

# Scena

The Scena walk-in closet combines elegance, order and sophistication to create an extraordinary ambience. This programme reinvents the concept of the wardrobe system in a light and airy way, thanks to its modules without doors and sides, while preserving its structural strength.

## UNLIMITED VERSATILITY

One of Scena's plus points is its versatility. The structure is highly customisable by adding the elements you prefer: hanging tubes, shelves, drawer units, rasters and shoe racks, tie racks, trouser racks, pull-out trays, lighting kits, wooden hangers and fabric-covered boxes.

# FINISHES

How do you imagine the finishes of your Scena walk-in closet? You can choose a black or titanium metal frame and backs in all available textured finishes or matt lacquer.
