*Discover our extraordinary family of sideboards, perfect for adding a touch of style to your home. Available in three different sizes, these sideboards feature glass internal shelves to offer organization and lightness. The metal base adds durability and linearity, while the tops and doors are coated with a delicate matte lacquer that adds a touch of refinement. The top structured like a tray adds a pinch of originality to the sideboard, which can be used in the centre of the room thanks to the attention to detail present even on the back. Suitable for any environment and use due to their versatility.*
