## Moodboard Green

To ensure harmony in the projects, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, Salina leather has been paired with Montemario fabric, along with Piazzadispagna velvet. The harmonization of these coverings with woods and marbles will result in a moodboard that defines the final total look of the project. Each collection model offers multiple moodboards to adapt to various market geographies.

## Moodboard green

Along with the moodboard of coverings and materials, the Natuzzi Style Center harmonizes the bedroom with furniture and accessories to complete the interior design project.
