HI-BRIDGE — FERRUCCIO LAVIANI 2005

1—
5

Large-size seats for handy and comfortable use. A very versatile system made up of plain, linear shapes. Ferruccio Laviani designs a line of seats for today's homes with the absolute elegance of classic style. The cushions set casually on top overlap the continuous profile of the backrest to create different seat configurations. The seats project from the overall shape of the load bearing structures, protecting the base and emphasizing the comfort of the large seat surfaces. Large end elements to suit a sofa understood as a welcoming shelter to lie down in.

FEATURES

A series of upholstered sofas, individual or modular, characterised by a L shaped double structure when combining 2 sofas together, as the structure of one element is extended in order to be inserted under the sofa next to it.

COMPOSITIONS

Measurement for compositions

Compositions are always created using an end element.
When considering angle depth, use armrest depth 800 mm (31 1/2") and not total depth of the element 970 mm (38 1/4")

Molteni & C

3—
5

Examples with square corner

Measurement for a composition with a modular pouf

If a modular pouf is added as end element, it will lengthen the composition of 430 mm (16 7/8").
