## **NIGHT&DAY—** PATRICIA URQUIOLA 2009

1—  
4

Night&Day is a seating system based on the idea of versatility and the capacity to interpret spaces. Night&Day offers innovative solutions, comfort, taste, imagination and rational design. The thin structure with its reclining back can hold the soft seat feather cushions as well as a series of accessories (arm rests, basket, storage units, pouches) which make this a product of great functional versatility able to satisfy differing needs.
