## TURNER — HANNES WETTSTEIN 2008

1—  
5

Formal moment or relaxing space? Turner, the seating system designed by Hannes Wettstein, combines comfort with refinement. Settees in various sizes, corner pieces, chaises-longue and pouf can be combined together to create different furnishing solutions. Turner responds to varying needs in terms of comfort and posture, thanks to an easy mechanism which adjusts the depth of the seating.

## DIMENSIONS

### End units, central units, chaise longues and islands

Elements **cannot be used individually.**

All elements have back with mechanism.

**The compositions are always closed at the side with an arm.**

## Molteni & C

3—  
5

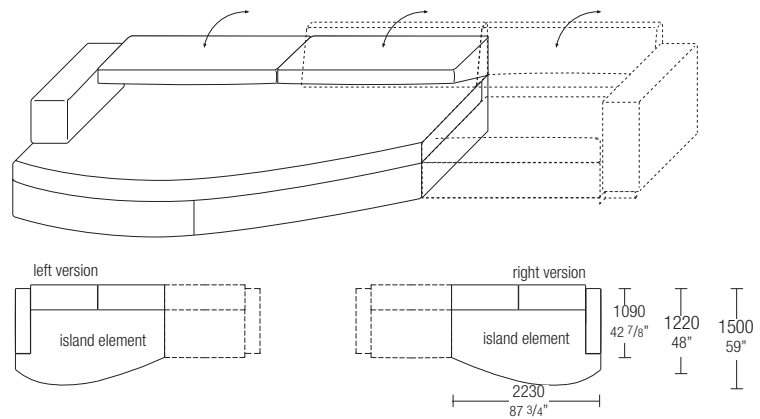

### Corner

The corner element **cannot be used alone** but must be placed by a central or terminal element, on the opposite side to the arm. The corner element comes with mechanism only on the long side.

### Island element

The island element cannot be used alone, but must be used along with a central, end or corner element on the side opposite the armrest.

### Sofa

The settee is a finite element which stands alone

## DIMENSIONS

### Notes

- Each single element (terminal, central, corner, chaise longue, island or sofa) must be completed, in the interests of ergonomic quality, with one or more back cushions to choose from: TCS60 - TCS70 - TCS80.
- The seating cushion cover for the island IS223 and sofa DI244, in contrast with all other elements, must have a front strip; when ordering one of these items, all the covers for the seating cushions in the Order will be made with a front strip.
