## STAGE — HOK 2015

1—  
2

HOK has designed Stage, a rigorous geometrically shaped table. Exploring negative space and minimalism are the concepts that led the designers to create a solid outlined by a slim profile, rather like a sheet of paper, but void in the middle. The use of different finishes outside (eucalyptus) and inside (glossy or matt lacquer finish), accentuates the effect of a solid floating in a vacuum. The container can be accessed through a door on the top for remote controls or small everyday objects storage.
