PIROSCAFO — ALDO ROSSI, LUCA MEDA 1991

1—
3

Aldo Rossi and Luca Meda have designed a piece of architecture; a large facade featuring regularly spaced windows and inspired by the Regione Umbria headquarter's facade in Perugia. A bookcase with glass front and wood or lacquered structure and a metal front matt lacquered. Piroscavo is a versatile home cupboard - a bookcase for the study, a display cabinet for the living room or a sideboard for the kitchen. A range of open bookshelves with glass doors and square metal frame, divided into four by an inner wood or lacquered cross structure and a lacquered matt metal façade. It is possible to illuminate the inside with one or more LED lights on lids, and floors, or for the entire length of the central tops and shelves.

FEATURES

A series of bookcases either open or with glass doors, with square metal frame, divided in four by an interior cross. The front lacquered in chalk white, platinum or anthracite is matched to a matt lacquered or eucalyptus structure. The door glass is transparent or etched. The internal shelves are in wood or in extralight glass 12 mm th (1/2"). it is possible to insert one or more led bars. The led bars can be attached to any part of tops, central panels and shelves. Should the bars be mounted onto a wood shelf, it will not be possible to move them at a later stage.

FINISHES

Front finishes

chalk white - platinum - anthracite

Structure finishes

chalk white - eucalyptus - exterior in chalk white, interior in matt lacquer in Molteni range colours

Internal drawer unit finishes

chalk white - platinum - anthracite

TECHNICAL INFORMATION

STRUCTURE AND SHELVES

Veneered panel coated with Eucalyptus (*Eucalyptus globulus*) or melaminic paper painted in Molteni shades.

GLASS SHELF

Extra pale hardened glass thickness 12 mm.

BASE

Veneered panel coated with Eucalyptus or melaminic paper painted in Molteni shades, joined to a beehive structure resting on the floor.

FRONTAL PROFILES AND COLUMN

Extruded aluminium profile coated with semi-glossy, oven-fired enamel.

DOOR

Exterior frame made up of two steel plates, treated with semi-glossy, oven-fired enamel, coupled on a pair of polystyrene shells. Transparent or etched plate glass, 4 mm thick. PVC co-extruded aluminum profile.

CHEST OF DRAWERS

Particleboard panels with melaminic paper painted in Molteni tones.

SIDES OF DRAWER

Central plywood support with MDF inside and covered with melamine.

BOTTOM OF DRAWER

Particleboard panel faced with melaminic paper.
