## DIAMOND —
## PATRICIA URQUIOLA 2004

**1**—
3

A range of tables with folded legs like a delicate origami. An element skillfully assembled by a light folded aluminum foil and an internal part composed by aluminum and polyurethane inserts to give stability. The square or rectangular tops are available in glass, the support structure is either shiny aluminum or glossy lacquered. Diamond won the Red dot design award Best of the best in 2005.
Ongoing research and experimentation with innovative and characterful materials, to integrate products already in the collection with this year's new additions, leads to expanding the versions of Patricia Urquiola's Diamond, now also with the frame in the new copper finish and marble tops, such as the new Sahara Noir.

## TECHNICAL INFORMATION

### STRUCTURE
Anodised extruded aluminium or painted in colours from the Molteni range.

### GLASS TOP
Toughened crystal 8 mm thick, painted in colours from the Molteni range.

### WOODEN TOP
MDF panel with external part in anodised sheets aluminium 1 mm thick covered with Oak (Quercus), Elm (Ulmus rubra) or Eucalyptus (Eucalyptus globulus) sliced wood.
### LEGS
External folded part made from anodised sheet aluminium 1 mm thick or painted in colours from the Molteni Range. Internal part aluminium inserts and foam polyurethane. Non-slip plastic foot.

### MARBLE TOP
Marble in Range finishes with anti-stain, water-repellent treatments.
Reinforcement support in aluminium sheet 2 mm.
