

# DARIA

**Design by**  
Ligne Roset

## Description

Daria is a rectangular table with two superposed tops which slide quickly and easily to almost double its length (+ 75 %).

Dining table with integral extension, comprising a base with side panels and legs in assembled solid beech finished in ash veneer and two superposed tops in Fenix NTM high pressure laminate applied to a 22 mm thick panel of MDF with edges in ash veneered ABS polymer (or two superposed tops in 6 mm thick full body ceramic stoneware glued onto a 6 mm thick glass support -total thickness 12 mm-). The two tops run on needle bearings within the sides to extend the table by 119 cm. When closed, the table accommodates 6 persons, and when open, 10 (L 277 cm). Crosspieces in white lacquered 10 x 10 mm square-section steel.
