

# Seat Dots

Hella Jongerius, 2016

**vitra.**

The round upholstered Seat Dot cushions offer a simple way to add comfort to chairs made of plastic, wood or metal. The different coloured faces create subtle or bold accents, which are further enhanced by the edge binding.

as universal seat cushions, whose size and colour palette perfectly suit a diverse range of chairs. The cushion can be used on both sides and washed if necessary.

- **Material:** firm, high-quality fleece pad, Plano fabric cover on both sides, Ø 38 cm.

Hella Jongerius developed the Seat Dots
