TECHNICAL INFORMATION

STORY TELLING

Hand made products that contain Apulian perfumes. Candles or interior fragrances with extracts of natural oils. Trullini are composed of five olfactory areas recognizable by the color and the top shape, which in the Apulian Trulli is a true signature. Once the perfume is finished, this object can be used as a functional container for small precious objects.

TECHNICAL DETAILS

Clay from quarry, used since the Etruscans, hand turned and glazed. The base in metric clay is embellished with drops of aventurine cooked in the oven.
