# Harmony project

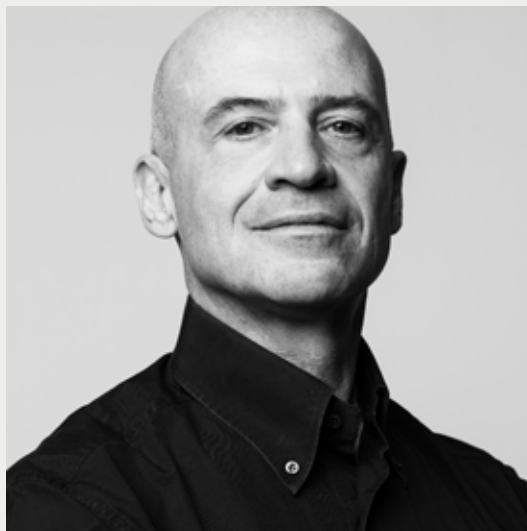

## Natuzzi Italia

The Harmony Project aims to offer a unified working method that ensures chromatic and stylistic harmony, preserving the brand's DNA.

This tool is intended to be more than just a product offering, aiming to harmonize an entire interior design project.

# Briq

The Briq project combines comfort, craftsmanship, versatility, and functionality, highlighted by the bed storage with a double movement mechanism, which makes access to all areas of the bed easy. Available in four sizes, both in leather and fabric, it is designed to meet every space requirement.

## Design by Claudio Bellini

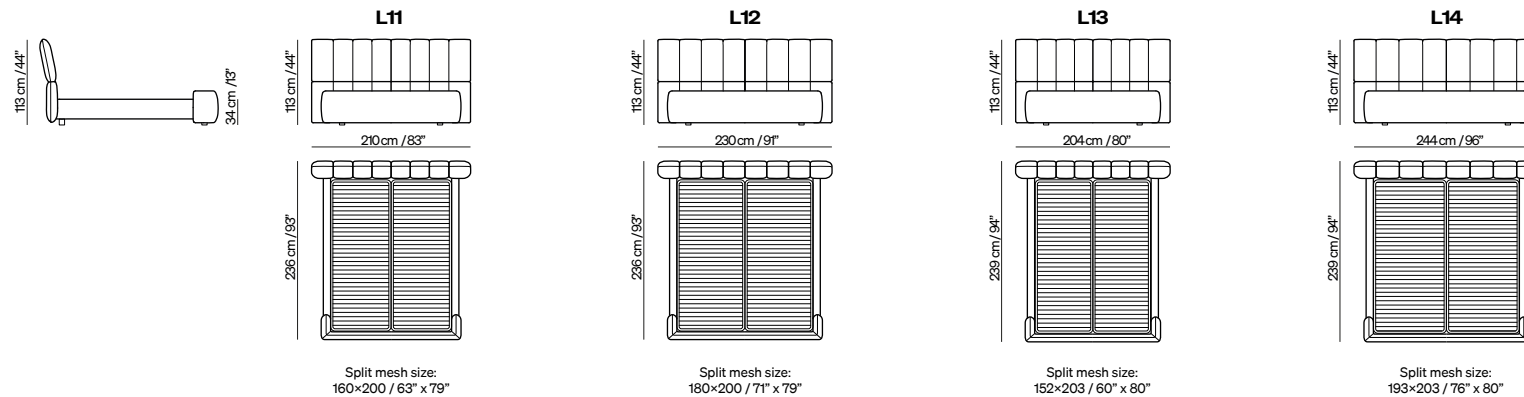

Claudio Bellini is an architect, designer, and art director. In 1996, he founded his studio in Milan. His approach to design, attentive to the needs of a growing global market, is based on the centrality of harmony, beauty, and efficiency.

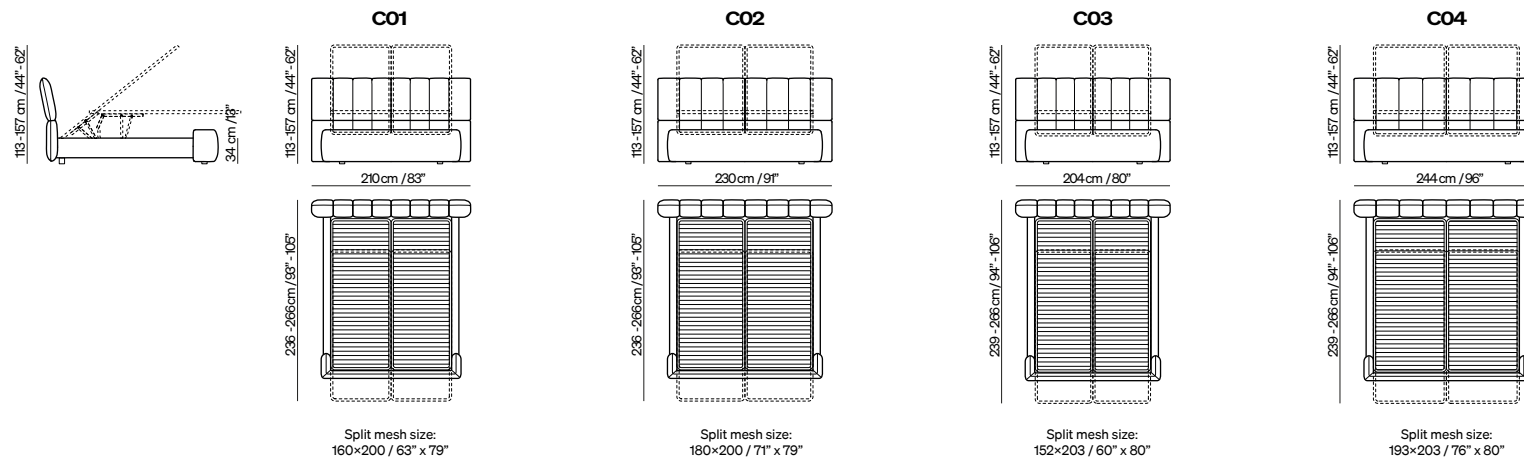

## Choose your Briq

The Briq project is highly versatile, with the bed available in different sizes to accommodate various spaces. Additionally, the Briq bed is offered with an optional bedding box feature, enhancing its functionality and adaptability to different needs.

### Bed with slate frame

## Technical features

The BRIQ bed's essential design strikes a perfect balance with its generously padded headboard, adorned with dynamic vertical seams. Fully upholstered and finished on the back, it can be positioned anywhere in the room. Its functionality shines with an optional hidden storage, making it easy to store all your bed essentials.

Closed Base Storage

Lift System With  
Two Opening Options

The lift-up system has two positions: 45-degree and horizontal (70 cm above ground). It facilitates bed-making and access to storage near the headboard. The gas piston mechanism ensures smooth operation, and the epoxy-coated steel frame offers durability and resistance to chemicals, corrosion, and shocks.

The hidden metal feet provide a sleek appearance and enhanced stability, while the closed base frame offers a clean, modern look.

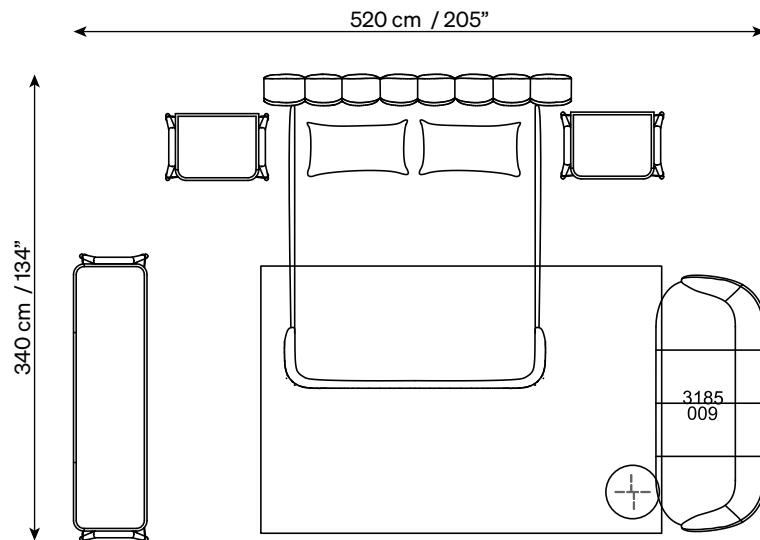

The leather handle allows for effortless opening and closing of the storage, while the orthopedic solid beech wood slats provide optimal support during sleep.

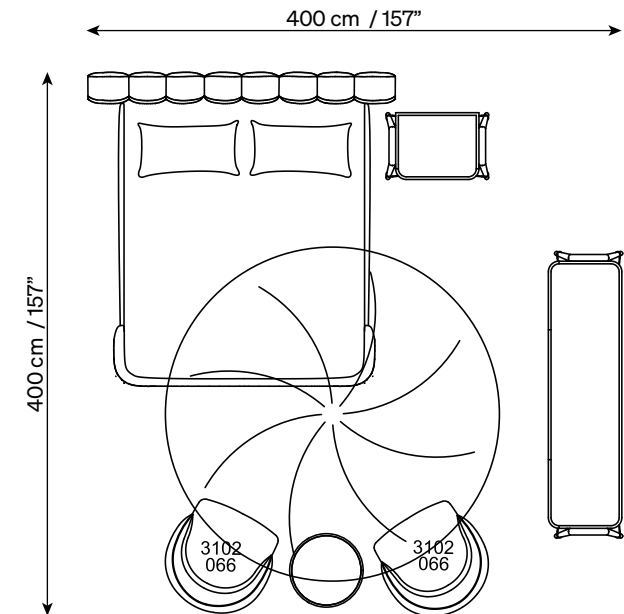

## Layout Examples

You can also showcase the versatility of the project with different layouts, highlighting the creation of various configurations to optimize space in any bedroom. The bed comes in various frame options to accommodate different mattress dimensions, providing flexibility to fit a range of bedroom layouts and needs.
