Libra

The Libra dining table is a masterpiece of design that combines refined and slender lines with high-quality materials. Its legs, exceptionally made of marble, create a fascinating contrast between the solidity of the material and the lightness of the design. This table is not just a functional element, but a true work of art that enriches any environment with its elegant and sophisticated presence. The combination of fluid shapes and precious materials makes the Libra table a symbol of timeless harmony and beauty.

Design by Claudio Bellini

Claudio Bellini lives and works in Milan, the city of design. Since childhood, he has been in close contact with the creative world thanks to the influential figure of his father, Mario Bellini, a prominent artist in the history of Italian design. Over time, Claudio Bellini has become a famous designer, but he has maintained that innate curiosity that allows him to get excited at every stage of the design process. Open-minded, he also has a particular sensitivity to different cultures and historical heritages.

Versatile Beauty

The Libra dining table is available in two versions to suit different space requirements. Two round sizes and one elliptical size with a different mix of materials.

Technical Features

Carrara Marble is one of the most renowned and appreciated natural stones in the world, famous for its classic and understated elegance. Quarried from the Carrara region in Tuscany, this marble is distinguished by its white or light gray background, crossed by thin and delicate veins that range from light gray to medium gray. These veins create a refined and harmonious pattern, giving the stone a distinctive and sophisticated appearance.

Classic Elegance

The linear and less dramatic veins compared to other marbles give Carrara Marble a uniform and minimalist aesthetic, perfect for a variety of design styles.

Timeless Charm

Chosen for its discreet and luxurious appeal, Carrara Marble offers a sense of elegance without being overly bold or flashy.

Durability

It is a durable stone that, with proper care and maintenance, preserves its beauty over time.

Affordability

Carrara Marble is an accessible option for those seeking elegance and practicality in interior design projects.

Natural Characteristics

In its natural form, the marble may present small holes and tiny crystals, which are intrinsic characteristics of the material. These “imperfections” are actually distinctive marks that add uniqueness and authenticity to the stone.

High-Quality Workmanship

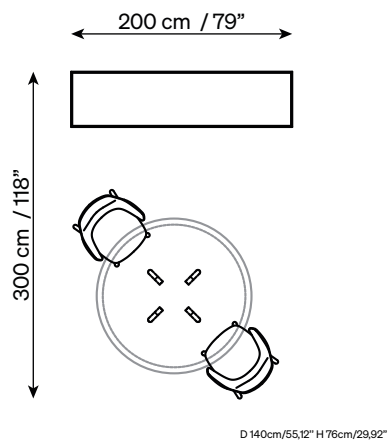

The marble is processed with state-of-the-art machinery and polished with natural waxes, ensuring an impeccable finish.

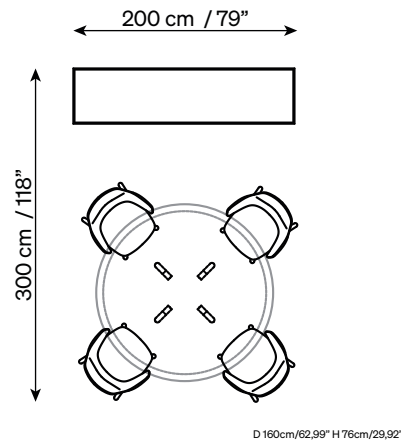

Layout Examples

Our collection of tables is designed to fit any dining area thanks to a variety of configurations that optimize space and enhance the overall experience. Available in two sizes - a more compact round version with diameters of 140 cm and 160 cm, and a larger version with a length of 240 cm to provide the necessary flexibility to meet different needs.
