Harmony project

Natuzzi Italia

The Harmony Project aims to offer a unified working method that ensures chromatic and stylistic harmony, preserving the brand's DNA.

This tool is intended to be more than just a product offering, aiming to harmonize an entire interior design project.

Adam

The Adam table combines tradition and innovation with timeless elegance. Made of solid wood and Brushed Lecce Stone, it pays homage to Apulian craftsmanship. The organic lines celebrate nature, reflecting the beauty and simplicity of the design. Every detail offers comfort and conviviality, making the Adam table the centerpiece of any environment, from the dining room to the living room.

Design by Marcel Wanders

Marcel Wanders has a mission: “create an environment of love, live with passion and make our most exciting dreams come true.” He is bringing the human touch back to design, ushering in a design’s ‘new age’ in which designer, craftsman and user are reunited. Shaping the design industry with more romantic and humanistic design thinking, respecting the past and diversity of culture.

Versatile Beauty

Discover the Adam dining table, designed to fit perfectly into any environment. Available in two sizes, the Adam table offers a versatile solution that harmoniously integrates into your space. With clean lines and a modern design, the Adam table is ideal for any occasion. Choose the Adam table for a touch of elegance and functionality in your home.

Technical Features

The Adam dining table is a masterpiece of design that combines colors and natural elements with innovative stone finishes. This table represents the elegance and tradition of Apulian craftsmanship, skillfully blended with a modern stylistic research that involves unique shapes and materials.

Sustainability

Made from FSC-certified wood, this table combines sustainability and refinement, respecting the environment.

Refined Design

The structure in solid ash wood, with legs and top worked with alternating flame technique, highlights the natural beauty of the wood grain. The central bar in solid ash wood adds a touch of durability and style.

Wood Version

The ash wood top, 5 cm thick, features an elegant beveled edge and a tone-on-tone underlay for a harmonious and sophisticated look.

Innovative Finishes

Innovative and high-performance brushed Lecce stone, offers a unique stone-effect texture, made with natural and recycled materials. The combination of clay, quartz, silica sand, recycled marble powder, and acrylic binders creates precious and natural surfaces.

Fenix Anthracite Underlay

In the brushed Lecce stone version, the supporting underlay in Fenix anthracite is scratch-resistant, ensuring durability and beauty over time.

Quality Details

Each table is equipped with a personalized designer tag, adding an exclusive touch.

Non-Slip Felt Pads

High-density felt pads are applied under the legs to protect any type of surface.

Technical Features

Brushed Lecce stone is a natural, versatile, and exclusive choice for the production of extremely elegant and modern furniture. Made with natural and recycled raw materials, this finish is composed of a mix of clay, natural fillers such as quartz and silica sand, recycled marble powder, and acrylic binders. This process allows for the creation of natural, precious, and exclusive surfaces, giving each element a distinctive and iridescent note.

Aesthetic Value

Brushed Lecce stone has great aesthetic value, featuring veins and marble-like shades that result from artisanal application. The typical visual depth effect of the material's surface further enhances its beauty.

Elegance and Modernity

This finish offers a unique stone-effect texture, ideal for creating elegant and modern environments.

Natural and Recycled Materials

The combination of clay, quartz, silica sand, recycled marble powder, and acrylic binders creates precious and natural surfaces, ensuring a sustainable and high-quality product.

Ease of Cleaning

It can be easily cleaned with a damp cloth, water, and a mild all-purpose cleaner. It is important to avoid using abrasive sponges, denatured alcohol, acetone, bleach, or highly basic pH cleaners.

Durability

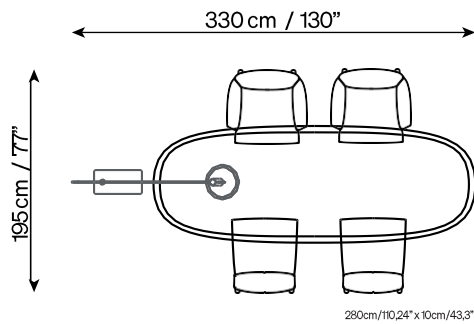

Although waterproof, the surfaces should not remain in contact with liquids for long periods to preserve their beauty and durability.
