# Voyage

The Voyage Dining Table is an iconic piece characterized by sinuous and elegant shapes. This table represents a harmonious fusion of natural and industrial materials, creating a unique product with a refined and sophisticated design. It is the new protagonist of a timeless style in the Natuzzi collection.

## Design by Nika Zupanc

Her objects defy rationality and create an intimate, emotional and intuitive dimension. Her visual language aims to “communicate things that cannot be said”, pushing back the frontiers of materials and possibilities to breathe life into refined pieces that have been meticulously crafted and curated. This is why Elle USA used the words “punk elegance” to describe her work.

## Versatile Beauty

The table from the Voyage collection is available in an oval or round shape, making it an extremely versatile piece of furniture. Crafted with a harmonious combination of natural and industrial materials, the Voyage table combines aesthetics and functionality in a unique and refined design.

## Technical Features

The monolithic steel base and the top made of high-quality materials give the Voyage table a strong identity and an imposing presence in any environment. This table is perfect for those looking for a piece of furniture that combines timeless style and versatility.

### Monolithic Steel Base

The central base is made of curved and laser-cut steel sheet, ensuring stability and a modern design.

### High-Quality Materials

The combination of natural and industrial materials ensures durability and a refined aesthetic.

### Elegant Base Finish

Powder-coated with a matte satin gold finish, providing an elegant and resistant appearance.

### Top Details

Edge of the Top finished with beveling, offering extraordinary abrasion resistance and perfect color uniformity.

### Customization and Unique Decorative Effects

**STARDUST-Terrazzo Stone Top:** Available in an elliptical shape, the STARDUST-Terrazzo Stone top evokes the famous "Venetian Terrazzo," a product recognized worldwide as an artistic and cultural expression of the territory and Italian craftsmanship.

**Gold&Glass Top:** This finish represents the forefront in the search for new materials for contemporary furniture. Made of laminated glass, this top is paired with a digitally printed silver film, offering a unique and sophisticated aesthetic. The glass top is further supported by a black wooden sub-top, attached to the base through bushings and a metal plate, ensuring stability and an elegant design.

### Italian Craftsmanship - Made in Italy:

Each Voyage table is entirely made in Italy, synonymous with artisanal excellence and attention to detail.

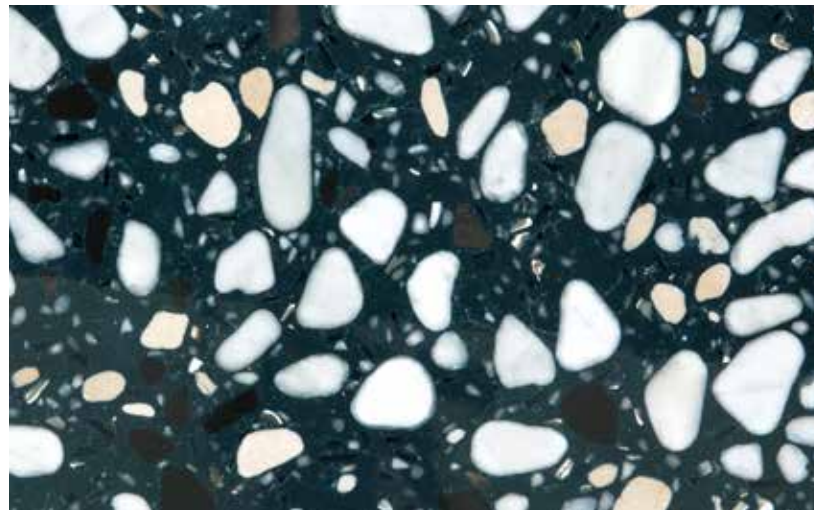

## Technical Features

Design and innovative surfaces are a real innovation that is revolutionizing the world of architecture and interior design. New material that are distinguished by its extraordinary technical, ecological and resistance qualities.

### STARDUST

#### **Terrazzo Stone:**

It is s an agglomerate composed of a precious mix of marble and resin grits that are carefully selected and customised for colour and size specifically for Natuzzi. The material is then finished and smoothed. It stands apart for its skilful blend of large pieces of marble and tiny stones with an iridescent appearance for a modern exclusive feel. This material has an extraordinary resistance to abrasion and an even colouring. A top in STARDUST -Terrazzo Stone brings to mind “A Venetian Terrace”, something which the whole world recognises as being artistically and culturally superlative and representative of Italian manufacturing in general. The combination of different colours and materials means that all aesthetic needs can be met, including the most modern ones. Although the treatment with water-repellent paint used on our surfaces protects the surface from the rapid penetration but it is good to remember that all liquid substances, must be quickly removed from all marble surfaces before they can penetrate deeply and create resistant stains and halos.

## Technical Features

Design and innovative surfaces are a real innovation that is revolutionizing the world of architecture and interior design. New material that are distinguished by its extraordinary technical, ecological and resistance qualities.

### GOLD&GLASS

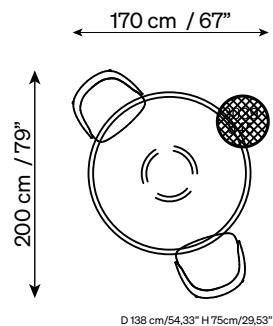

This finish represents the forefront in the search for new materials for contemporary furniture. Made of laminated glass with a thickness of 8+6 mm, this top is paired with a digitally printed silver film, offering a unique and sophisticated aesthetic. Thanks to a special lamination process, it is possible to join two glass sheets with a digital film, creating original and visually impactful furniture. The laminated glass processing takes place through a hot and vacuum process, which indissolubly binds the different materials, ensuring durability and resistance.

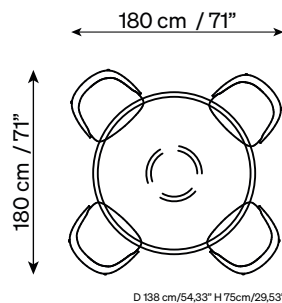

## Layout Examples

Designed to fit any space, offering a range of different configurations. Available in two sizes, one round and compact and one elliptical of L220 cm. Here are some layout suggestions to inspire you.

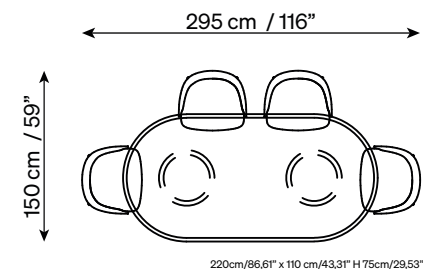

**DIM: 3 SQM / 32 SQ FT**

**DIM: 4 SQM / 43 SQ FT**

**DIM: 5 SQM / 54 SQ FT**

## Moodboard warm neutral

To achieve harmony in every project, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, Gold &Glass and Light Gold have been paired with Lemans Leather silk Gray. The harmonization of these covering with the glass and metal will bring the moodboard to life, defining the final look of the project. Each model in the collection is presented with different moodboards to suit all market geographies.

## Moodboard warm neutral

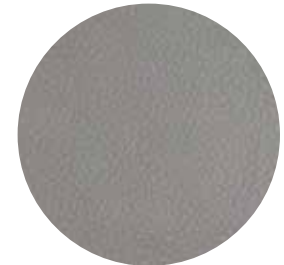

Each element is carefully chosen to create a coherent and refined environment, where every detail contributes to a unique aesthetic and functional experience.

These products have been carefully selected to maintain the atmosphere and harmony of the design. Although the products may be available in different sizes to fit various spaces, the combination of colors, materials, and finishes remains fixed and cannot be modified.

## Dining Chair Voyage

**Design by Nika Zupanc** - An armchair with sinuous and elegant lines that integrates harmoniously into any environment. It is inspired by the elegant salons of trans-oceanic retro ships that evoke romance and distant travel.

### Swivel Base

The product features a central steel base with a swivel function, offering a combination of stability and practicality, ideal for dynamic and modern environments. The base is made of tapered steel, polished and coated with Interpon powder, with a matte gold satin finish, giving it an elegant and durable appearance.

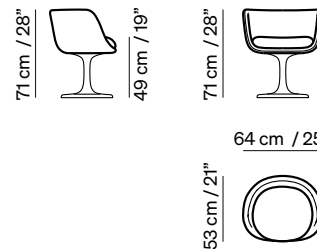

### Comfort and elegance

The backrest is made of cold-foamed polyurethane steel, fully padded and covered in leather or fabric, ensuring comfort and firm support. The seat features a medium-density polyurethane padded cushion, also fully covered in leather or fabric, offering a comfortable and luxurious seating experience. The new 366 version is available with a raised armchair base of 4 cm, further improving user comfort.

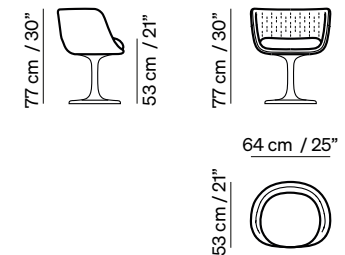

### Made In Italy

This product is entirely Made in Italy, synonymous with craftsmanship excellence and attention to detail, adding value and prestige to the product.

**066** - with low backrest

**366** - High Backrest with Matelassé

# Bookcase Tide

**Design by Nika Zupanc** - Tide high-impact library draws inspiration from nature and with various forms and interpretations of water. A capable little bookshop to give dynamism to any environment and to embellish it as a work of art.

## Versatility & Modularity

Thanks to the possibility of combining modules of different sizes, the Tide bookcase easily adapts to spaces of various sizes and configurations. The modular structure with elements available in two sizes can be combined with each other to create different compositions. The small module can be fixed to the wall and placed next to other elements of the same version to create suspended compositions.

## High-Quality Materials

Structure made of curved steel sheet with laser cut, polished, and painted with a smooth and matte texture.

## Ease of Installation

The structure is delivered fully assembled, complete with 3mm thick painted steel shelves.

## Durable Materials

The curved and painted steel ensures long-lasting durability and wear resistance, offering excellent value for money.

## Safety

The wall fixing system ensures that the bookcase remains stable and secure. In fact, the structure is not free-standing but is equipped with a wall mounting system to ensure greater stability and anti-tipping safety.
