NATUZZI
ITALIA

Mindful 365

The inspiration for the Mindful 365 project was born from a meeting in Paris between Pasquale Natuzzi and Dr. Charles Bark, a PhD researcher in AI and Health, and a pioneer in preventive longevity technology for the home. Designed by the Natuzzi Design Center with technologies capable of creating personalized comfort, Mindful 365 represents the essence of Natuzzi's Comfortness philosophy.

Comfortness is the Natuzzi philosophy that harmonizes mind, body, and soul, generating deep well-being for the individual.

Design by Natuzzi Design Center

At Natuzzi's headquarters in Puglia, the Design Center's mission is to harmonize design and functionality, aiming to generate well-being and comfort.

Choose your Mindful 365

The Mindful 365 project is extremely versatile, thanks to its 11 SKUs, which allow for unlimited configurations suitable for any space, from retail stores to the homes of our customers.

Versatility and Configurations

The “Versions and Compositions” chart aims to showcase the full versatility of the project. In particular, Mindful offers elegant design solutions with integrated tables and practical storage compartments.

Thanks to the configurator, this versatility can be customized according to the client's needs.

Technical features

Mindful 365 is the first product on the market to combine various functions and mechanisms capable of delivering a profound sense of comfort. This makes it the highest expression of Comfortness, the Natuzzi philosophy that harmonizes the well-being of mind, body, and soul.

Triple motion mechanism with independent control for headrest, lumbar and footrest

Electric and manual headrest

Zero Gravity for whole body extension

Seat "365" with remote control

Also available without recliner

Integrated multifunctional tables

Leather and Fabric (with contrast piping)

Battery available for selected versions

Multiple configurations with 45 degree corner

Scan to explore Mindful 365 or [click here](#)

Triple power motion Mechanism

The triple power motion mechanism, with a control panel that individually activates the footrest, headrest, and lumbar support, allows the seating position to be adjusted for maximum comfort, catering to every individual's needs and providing a fully personalized comfort experience.

Zero Gravity Function

The "Zero Gravity" position is achieved through the triple-motion function, which elevates the feet to heart level, enhancing circulation and providing an optimal relaxation position.

Micromobility

Starting from the ideal relaxation position, the sofa moves imperceptibly to keep the body's muscles active. It works by slowly tilting the seat and footrest simultaneously with micromovements that improve blood circulation, contributing to a deeper state of relaxation.

365 Function

This function controls the movement of the headrest and lumbar area, promoting the synchronization of breathing and heart rate. It is recommended to perform the function 3 times a day, with 6 breaths per minute for 5 minutes. Following this wellness program significantly reduces daily stress levels.

Mindful 365 Remote Control for Superior Comfort and Personalized Experience

The remote control for the Mindful 365 model is designed to enhance the comfort experience, elevating the customer experience to new heights. With the remote, users can easily activate the Micromobility and 365 functions, providing optimized management of these features. Additionally, it allows for the storage of up to 3 preferred relaxation positions, ensuring personalized comfort. The remote can connect up to six seats, simplifying and optimizing control for a seamless experience.

Scan to explore the function of the remote control or [click here](#)

Technical Features

The line of accessories has been designed to complement the sophisticated lines of the Mindful365 project. The collection includes a coffee table with a convenient lift-top surface and an elegant side table with a clean and organic design. Additionally, there is a console available in both rectangular and corner versions, which integrates perfectly between the seats, providing both a surface and a storage compartment.

Moodboard cold neutral

To ensure harmony in the projects, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, Status leather in Cold Light Grey has been paired with Sanbabila fabric in Light Grey, along with Laguna velvet in Blue Jeans or, alternatively, Borgospesso fabric in Melange Blue. The harmonization of these coverings with woods and marbles will result in a moodboard that defines the final total look of the project. Each collection model offers multiple moodboards to adapt to various market geographies.

Moodboard cold neutral

Along with the moodboard of coverings and materials, the Natuzzi Style Center harmonizes the living room with furniture and accessories to complete the interior design project.

These products have been carefully selected to maintain the atmosphere and harmony of the design. Therefore, while the sofa configurations can be changed to fit the space and personal needs, the combination of colors, materials, and finishes cannot be altered.

Moodboard warm neutral 1

To ensure harmony in the projects, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, Status leather in Dark Beige has been paired with Montemario fabric in Sand, along with Laguna velvet in Chestnut Brown. The harmonization of these coverings with woods and marbles will result in a moodboard that defines the final total look of the project. Each collection model offers multiple moodboards to adapt to various market geographies.

Moodboard warm neutral 2

To ensure harmony in the projects, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, Le Mans leather in Silk Grey has been paired with Aventino fabric in Greige, along with Rizzoli fabric in Mink. The harmonization of these coverings with woods and marbles will result in a moodboard that defines the final total look of the project. Each collection model offers multiple moodboards to adapt to various market geographies.
