Moodboard cold neutral

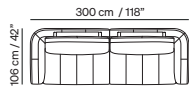

To ensure harmony in the projects, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, Siena leather has been paired with Settecolli fabric, along with Laguna velvet. The harmonization of these coverings with woods and marbles will result in a moodboard that defines the final total look of the project. Each collection model offers multiple moodboards to adapt to various market geographies.

Along with the moodboard of coverings and materials, the Natuzzi Style Center harmonizes the living room with furniture and accessories to complete the interior design project.
